Description

1. **Is your organization constituted so that participation by individual Internet users who are citizens or residents of countries within the Geographic Region in which your organization is based will predominate in your organization's operation?**
CfM is an Independent Voluntary Industrial Body with active membership participation by organizations and not individuals. We do have individual memberships, but they are currently inactive. However, we are in the midst of reviewing this and may soon embark on individual membership. But the crux remains that individuals will not predominate CfM.
2. **Describe your organization's constituents/membership (number, citizenship/location, defining characteristic - e.g. profession for professional societies):**
CfM has 2 forms of membership: a) Ordinary b) Associates
a) Ordinary: Open to commercial organizations, public interest groups, non-governmental, and institutions of higher learning. Service Providers of the Communications and Multimedia Industry who holds licence/s from the Regulator of the Industry (Malaysian Communications and Multimedia Commission - MCMC) are strongly encouraged to apply.
b) Associates: Open to non-MCMC licensed organizations and individuals.
3. **Explain the eligibility requirements (if any) for your organization's constituents/membership (if you provide a written application for admission as a member, you may attach a copy):**
CfM is an organization which specifically looks into the needs and rights of not only the Consumers, but also the Service Providers of this Communications and Multimedia Industry.
4. **In what language/s does your organization conduct its business?**

We will commit ourselves to support our members. In fact, by being a member, we hope to attract a larger individual membership participation.
8. **Describe how your organization keeps its constituents/membership informed about, and enables them to participate in, decisions regarding issues of interest:**
As a body that has been entrusted to draft, develop, prepare, amend, modify, preview and update Codes in Malaysia, yes, we do keep our members informed of matters pertaining to the Industry.
